## PROFILE

Jacqui has over 40 year's experience working in the industry. The first 10 years were in theatre lighting and the last 30 years as a Production Manager. Specialising in live events, theatre, international circus, outdoor events, arts festivals, dance, teaching and corporate events. Jacqui can deliver a whole project from start to finish with the ability to see the bigger picture. She enjoys working within a team and collaborating with creatives.

Skillset includes:

- Project Management of technical contractors and site staff.
- Ability to communicate with senior designers and creatives, resolving different financial and creative issues. Ability to also cascade information to junior team members.
- Detailed scheduling of operations including load in and load outs.
- Cross department liasion
- Excellent working knowledge of HSE, Risk Assessments & Method Statements.
- Extensive technical and production management knowledge and experience from theatre and live events.
- I have a passionate commitment to training young and inexperienced members of the team and I run my own mentoring practice.
- I am self motivated and take initiative to prioritise workloads and have proven ability to hit the ground running on new projects.
- Proficient IT user, using a number of software packages. Microsoft, Teamworks, Budget Package – Budget. Turbine, Purchase Order software. Website creation on WIX.
